

APRIL 2025 RECAP

"A Father to the
fatherless, a defender
of widows, is God in
His holy dwelling"
Psalm 68v5

OUTDOOR ADVENTURES

Our little ones have been making the most of each sunny day with lots of outdoor fun! From digging and building in the sandpit to soaring high on the swings and zooming around on bikes, there's been no shortage of laughter and adventure. These moments of play help build coordination, confidence, and joyful memories while learning great social skills.

MEALTIME MILESTONES

Mealtimes are a wonderful learning experience for our toddlers as they practice using cutlery and develop their table manners. With growing confidence, they're learning to feed themselves, share with friends, and enjoy healthy meals together — all while building important life skills in a fun and nurturing environment.

CAKE, CANDLES, AND BIG WISHES!

Birthdays are a cherished tradition at our center, and we love making each child feel truly special on their big day. With a homemade or donated cake, a thoughtful gift, and sweet treats to share, we celebrate in a way that makes every child feel seen, valued, and deeply loved. These joyful moments help build self-esteem and a sense of belonging — reminding each little one just how important they are!

Easter

Easter was a time of joy and reflection as the children delighted in festive surprises. From waking up to Easter eggs at the foot of their beds to an exciting egg hunt, laughter and excitement filled the air. Creativity flowed as they decorated their own Easter biscuits with their cookie kits, making sweet treats to enjoy. The most meaningful moment, however, was visiting the Stations of The Cross interactive display at AGS Lighthouse, where we truly connected with the Easter story in a profound and memorable way.

SCHOOL'S OUT

The school holiday break was filled with fun, learning, and creativity as we teamed up with learners from surrounding schools for an exciting holiday programme. From arts and crafts to traditional outdoor games, sports, baking, dress-up, manicures, fascinating science experiments and more, there was something for everyone to enjoy! Lots of giggles and joy filled the days as children explored new interests, built friendships, and made memories that will last long beyond the holidays. It was a time of fun, discovery, and community—exactly what a holiday should be!

A Personal Note

Dear friends,

As we head into the heart of the year, we celebrate milestones, moments of joy, and the incredible generosity of our community.

A huge congratulations to our two dedicated staff members who completed their studies and training, earning their Child and Youth Care Worker Certificates! Their commitment to growth and service is truly inspiring.

Easter was a time of excitement and delight for the children, filled with surprises, special treats, and meaningful experiences. A heartfelt thank you to everyone who contributed—your kindness made the holiday magical!

Meanwhile, learners have returned to school from their well-deserved break and are now immersed in the second term, preparing for mid-year exams. This is a critical time for them, and having volunteer tutors will make a lasting difference in their understanding and academic progress. Looking ahead, we would love to expand our skills development programme to further equip the children with independence and essential life skills. Preparing them for the future, helping them build confidence, resilience, and practical abilities, remains a priority. If this is an area close to your heart, we would love to hear from you—your time and skills can be life-changing!

Thank you for being part of this journey with us. Together, we continue to create opportunities, foster learning, and spread joy where it matters most.

With much love and greetings
Loressa and the iKhaya Team
